What could be more peaceful than warm summer breezes and dappled sunshine peeking through the swaying limbs of majestic oak trees? For those lucky enough to call Live Oaks home, the answer is, simply, nothing. Because this truly feels like an escape from the 24/7, always-on, all-work-and-no-play life that has somehow become the norm today. At Live Oaks, it's still all about living in the moment—and there are so many of those moments to relish. Relaxing on your screened porch with a dog-eared paperback. Sitting in a rocking chair, matching the slow rhythm of crickets. Strolling through Forest Ridge Park's 587 acres of lakes, open space, wildlife gardens, trails, and playgrounds. Or taking in the quaint, friendly shops, restaurants and galleries in Wake Forest. Everything here just feels a little more restful. You know what else is relaxing? The confidence that comes from knowing that whichever home you choose from our Intentions Collection, you'll be enjoying low-maintenance, high-enjoyment living every moment of every day. And, whether you pick a single family residence or a paired villa, you'll never have to waste a second of time on yard maintenance, because we've got that covered.

**Embrace the relaxing life at Live Oaks. Joyfully Built. Meaningfully Different.**

All square footage is approximate. Renderings are artist's conceptions and may vary slightly from the actual home. Homes may be built in reverse of plans shown, depending on site conditions. Minor architectural changes may be made occasionally at the option of the builder. Please contact your Sales Consultant for details.
