-  **1,516+ Sq. Ft.**
-  **2 Bedrooms**
-  **2.5 Bathrooms**
-  **2 Car Garage**

The Rock home floor plan is proof that good things come in small packages. Rock is power packed with two bedrooms, two walk-in closets and the biggest kitchen in this collection. All that and it still offers a covered porch and a small nook off of the kitchen for whatever you need — space for pets, space for an office, it's up to you.
