 **1,516+ Sq. Ft.**

 **2 Bedrooms**

 **2.5 Bathrooms**

 **2 Car Garage**

This plan won't leave you stuck between it and a hard place. Despite the name, Rock is an easy place to live well without an ounce of wasted space. Balanced by two bedrooms and two walk in closets upstairs and a thoughtfully appointed main floor including the largest kitchen in this collection. Rock is proof that good things come in small packages. All that and it still offers a covered porch and a small nook off the kitchen for whatever you need — space for pets, space for an office, it's space that's up to you to decide what's best. Sounds pretty solid, right? Solid as a ...well, you know.
